

Castlecliff Coast Care 2019

Dune survey using CRTNZ method

Graphing the dune evaluation & vegetation heights

Potential survey problem using just a transect line

Collecting Spinifex & Pingao seeds

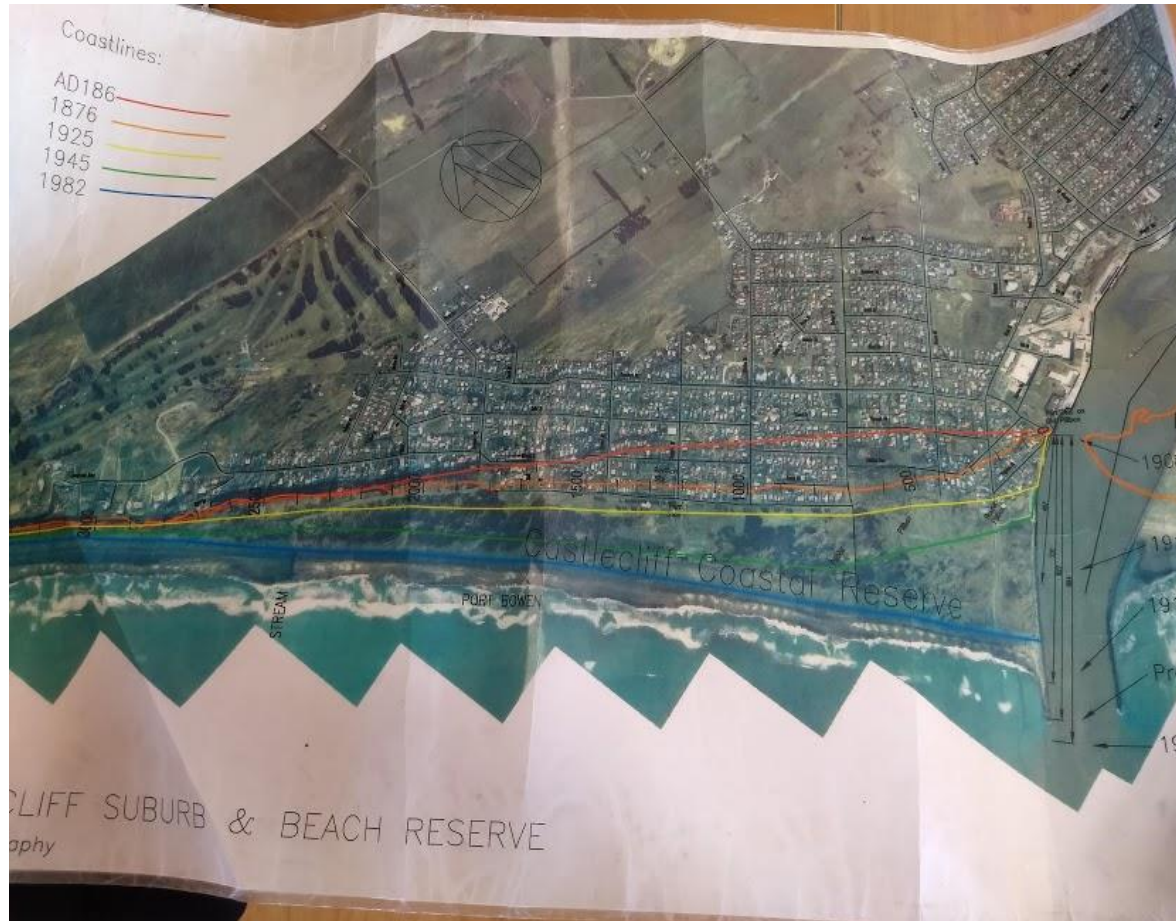

“Sea Week” and a Beach Sculpture family afternoon

Our Castlecliff Coastal Reserve

38 hectares of domain and sand dunes, 3 km long

We **NOW** have a Reserve management plan
BUT the digger driver did not read that
Pingao is in decline !!

Future Collaboration with Sustainable Coastlines

Citizen Science Workshops
Workshop on beach litter data collection
Castlecliff, Whanganui 15 April

Future Collaboration with local weavers, to make more Harakeke available
